Jungle Cat
Felis chaus

Sunda Leopard Cat
Prionailurus javanensis

Clouded Leopard
Neofelis nebulosa

Leopard Cat
Prionailurus bengalensis

Global Reach

From the Serengeti to the Amazon, from Siberia to Patagonia, Panthera's scientists, rangers, and partners work in 39 countries—not just to save wild cats, but to build coexistence, economic opportunity, and thriving communities where people and predators prosper together. In just two decades, it has built a scale of scientific leadership and on-the-ground impact rarely achieved within a single generation.
