# Code of Conduct

Panthera is committed to maintaining the highest ethical and professional standards across our global operations as we work to conserve the world's wild cats and their habitats.

## 1. Purpose and Scope

This Code of Conduct sets the standards for how we conduct ourselves as Panthera employees, interns, volunteers, members of the board of directors, and representatives (collectively, “Panthera Staff”), and as Panthera grantees, contractors, consultants, and suppliers, and their respective subgrantees, employees, and representatives (collectively, “Partners”). All Panthera Staff and Partners are required to read and comply with this Code of Conduct. This Code of Conduct reflects our values and serves as a working guide to ensure that our behavior complies with laws, donor requirements, and ethical responsibilities. It applies to all who represent Panthera, anywhere in the world.

### Core Values

- **Believe in a world with more wild cats:** We know that when we create the right conditions for wild cats, they thrive benefiting people and all biodiversity.
- **Lead with science:** We use evidence to inform decisions that improve outcomes for wild cats and continually seek new and better ways to answer tough questions.
- **Involve and respect people:** We engage a wide range

of knowledge, cultures, ideas, and alliances to solve complex problems and achieve better results in everything we do.

- **Go boldly:** We direct our resources and efforts where we can make the biggest impact on wild cats, even when the challenge is great.
